(Option 2)

## Peer Tutoring Contract

Links to Learning is a free tutoring program that has been helping students at Cardinal Gibbons High School succeed for years. Students who are having difficulties within any subject at school can find a peer tutor through Links to Learning. Links to Learning offers services to students in the morning from 7:20 a.m. to 7:50 a.m., after school from 2:45 p.m. to 3:45 p.m., or during the student's lunch. All peer tutors are members of one or more Honor Societies and are dedicated to helping others as part of their Christian Service. Below are a few guidelines that we have implemented to ensure the success and progress of the student.

### Guidelines:

- Students must contact Dr. Louy, the Links to Learning Coordinator at [louy@cghsfl.org](mailto:louy@cghsfl.org). Include the student's name, cell phone number, personal email address and the subject in which the student needs help.
- Students must fill out and sign a Links to Learning Tutoring Contract and return it to Dr. Louy in B 101.
- When a tutor is assigned, you must contact him or her to schedule your first session. Once the session is scheduled, inform the Links to Learning Coordinator of the scheduled session.
- It is required that at least one session a week is held.
- If you are unable to attend the scheduled session, you must let your tutor and the Links to Learning Coordinator know at least 24 hours prior to the session.
- No more than two sessions can be missed in one quarter or we will no longer be able to offer you this service.

Links to Learning looks forward to having you join our group of talented students in academic need. Regretfully, if any of the guidelines are neglected you will be asked to leave the program.
